

ÆTHERIS

ENGINEERING ELEGANCE

BRAND NARRATIVE

"The Sanctuary Between Skin and Elements."

Using an adaptive graphene membrane molecular structure, ÆTHERIS creates a walking architecture that protects against storms while remaining elegant.

DESIGN PHILOSOPHY: High-level protection with upper-class elegance.

VISUAL IDENTITY

THE CYBER-GEODE: An abstract geometric form combining carbon lattice structure and wing silhouette. Sans-Serif all-caps typography with wide kerning.

COLOR PALETTE

OBSIDIAN BLACK (90%)
TITANIUM GRAY (7%)
ÆTHER BLUE / NEON SULPHUR (3%)

FIRST PRODUCT

"GENESIS" SHELL-TRENCH

PREMIUM TECH

Hybrid Trench Coat: From extreme storms to VIP meeting rooms. Made from Matte Obsidian Graphene-Blend material, stronger than steel.

CHRONO-ADAPT

Temperature-adaptive pores. Open when hot, close when cold — without batteries.

ZERO-SEAM

100% Ultrasonic Welding. No stitched seams, super lightweight & waterproof.

STEALTH AESTHETIC

Magnetic Ghost Pockets. Hidden, functional, with a clean silhouette.

RADICAL TRANSPARENCY

"The luxury of the future is precise calculation, not consumption."

01 DIRECT EMISSIONS

Internal operational vehicles & factory machines. Replaced by an EV fleet.

02 INDIRECT ENERGY

Electricity for laser-cut machines & R&D. Targeting 100% renewable energy.

03 VALUE CHAIN

Material supply chain & global logistics (80-90% of emissions).

NFC BIRTH CERTIFICATE

Scan for real-time emissions dashboard & PDF reports.

LAUNCH STRATEGY: PROJECT GENESIS

THE CRYPTIC TEASER

Macro visuals of natural elements. No pricing. Focus on innovation & aesthetics.

IMMERSIVE WEB

Interactive 3D landing page. Jacket anatomy breakdown & storm simulation.

TRANSPARENCY REVEAL

Live NFC scanning demo. Showcasing the GHG data system.

TARGETED SEEDING

Exclusive distribution to Tech Reviewers & Avant-Garde Fashion Icons.
